Autel Charge APP Guide

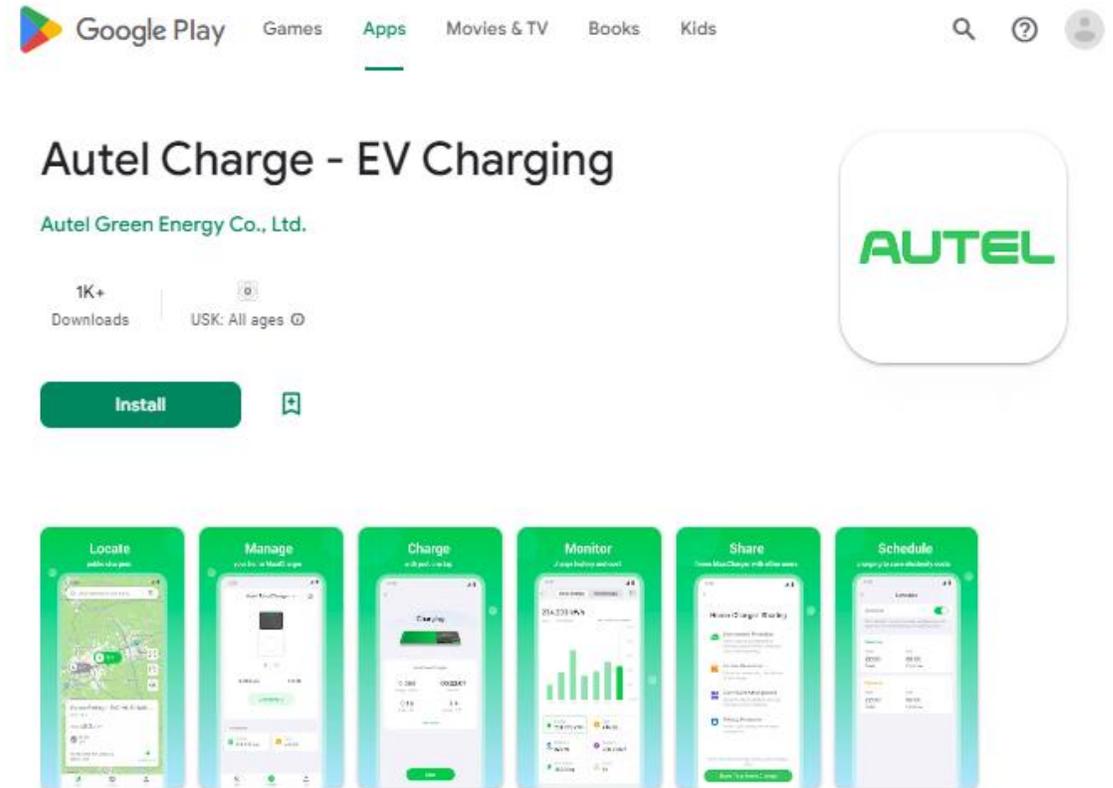

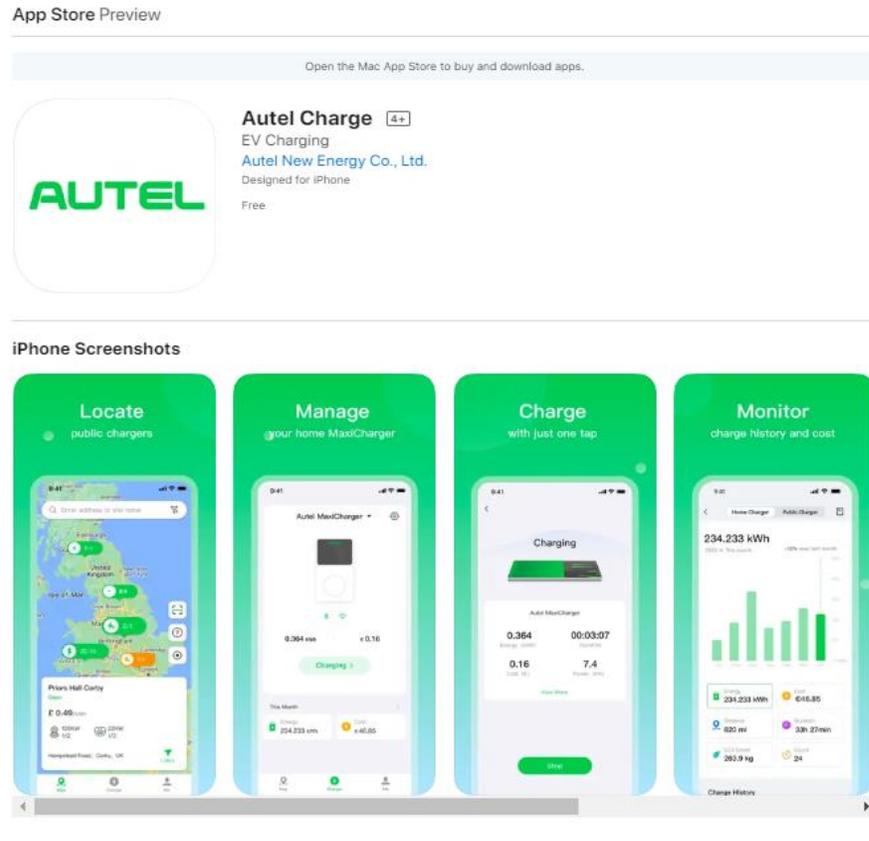

■ OVERVIEW

1. Quick start charging 01-04
2. Navigate to “Me”
3. Navigate to “Charger”
4. Navigate to “Installation Mode”
5. Autel Charge APP YouTube Training Videos

Prerequisites

First you need to download and install Autel Apps from the [App Store](#) or [Google Play Store](#).

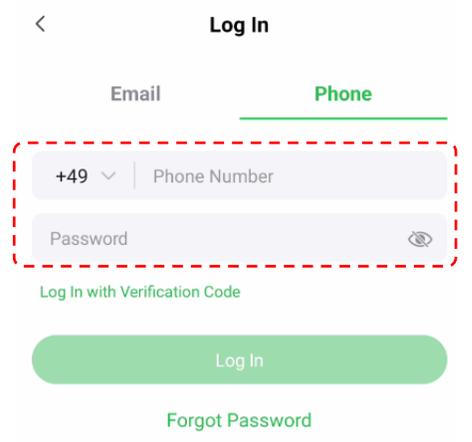

02

Login with your Autel charge account

Open the Autel Charge App and log in either Email address or Phone number after registering account.

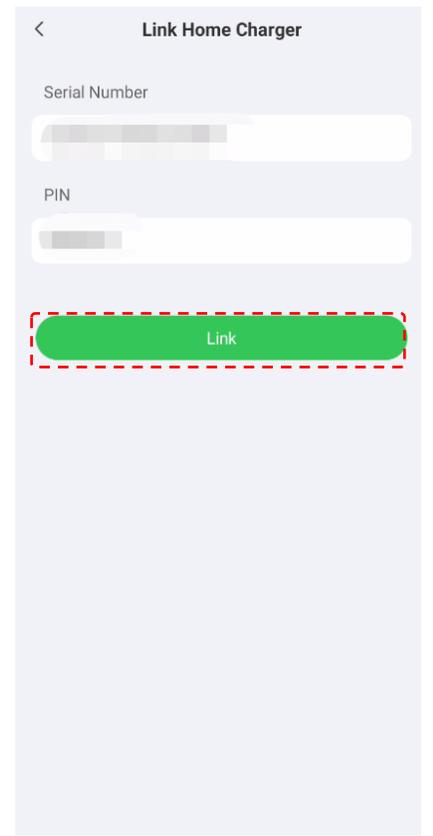

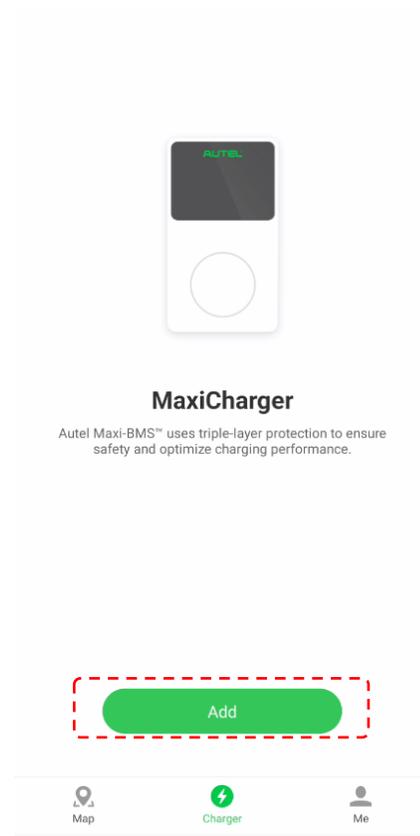

Welcome to Autel Charge
Green Energy Powers the Future

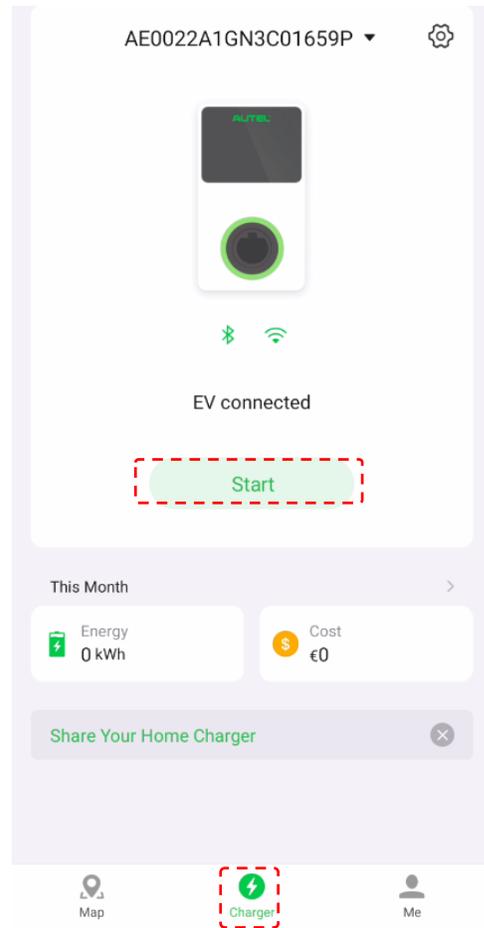

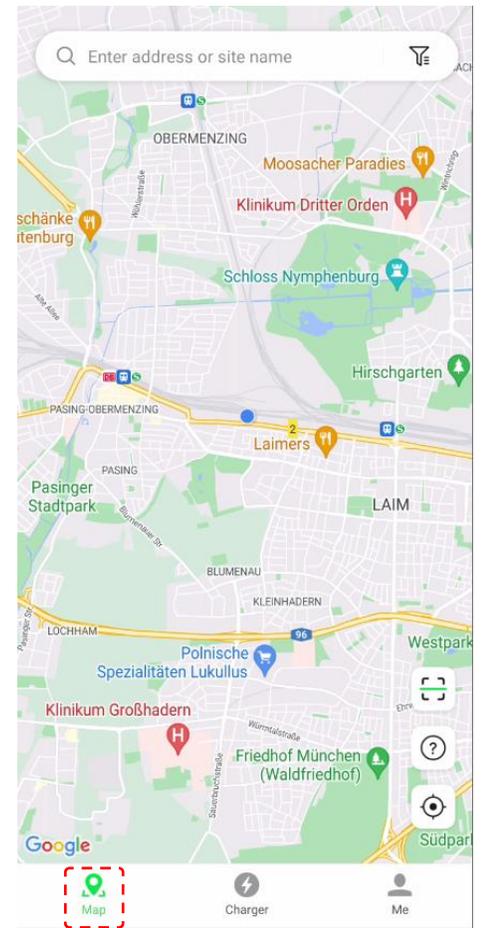

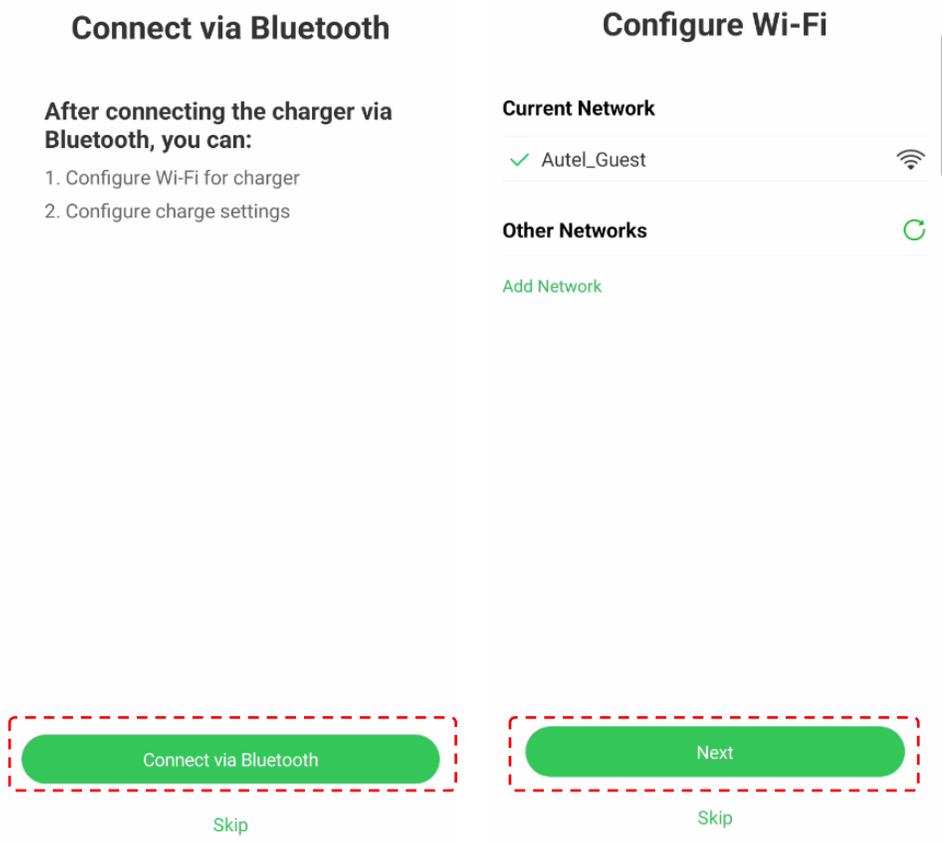

03

Click on the "Add", scan the QR code to link the EV charger

On the main page "Charger", click on the "Add", then scan the QR code directly or enter "Terminal Number" -EV charger's Serial No. and PIN manually to link charger.

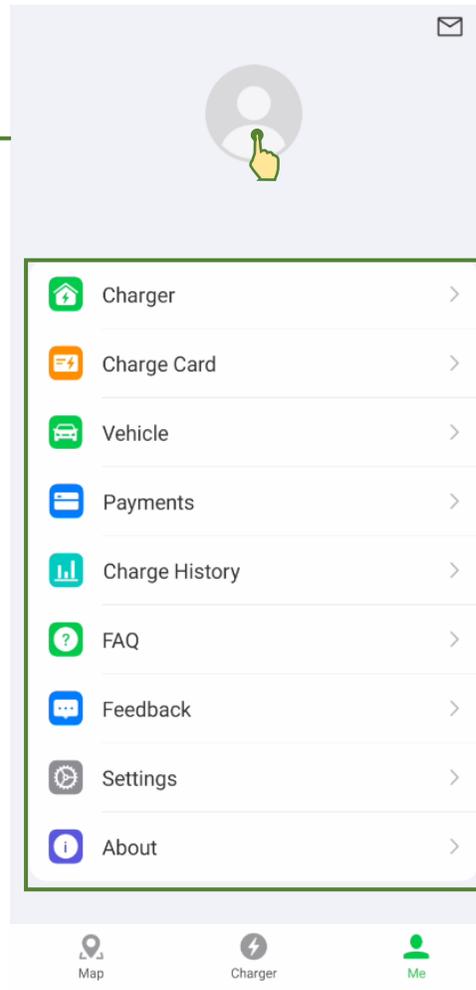

In this step, you need to turn on your phone Bluetooth and WIFI, after Bluetooth and WIFI connection successfully, it will open "Map" to show the location of EV Charger and Click "Charger" it shows the EV charger is ready to start charging.

Navigate to “Me”

- Personal Information
To change profile photo/Name/Phone number/ Email address/ Password

1

2
